

Hot Slots

Hot Slots is committed to making a difference in the communities in which it operates. We acknowledge the significant challenges faced by NGOs, not only in dealing with the impact of the Covid-19 pandemic but also the many other social challenges faced by the communities they serve. At Hot Slots, we were privileged to be able to assist seven NGOs to the value of R880 000 over the past year by providing food, shelter, clothing and other much-needed goods to those less fortunate. Our aim is to continue to support these communities by investing in projects that have a long-lasting positive impact.

KIDS HAVEN

Hot Slots has been a wonderful partner to Kids Haven for the past three years. They have provided funding in support of the Children's Home, in particular to make sure that there are social workers in front of the children so that they can receive the counselling and support that they need.

COACH

We are so grateful for the financial contributions you have made to us even in the midst of a global pandemic. Through your generosity, our St George's Home Programme is able to continue to provide quality services to our youth. Your contribution each year ensures that the youth are able to fulfil their goals of being productive members of society. We would like to thank Grand Gaming for their continuous support and for ensuring that the youth of St George's Home are well taken care of.

RESTHAVEN MINISTRIES

In October 2020, Hot Slots/Sun Slots had agreed to assist Resthaven Ministries with a cold room / freezer room and had donated R80,000 towards that. Installation was completed a month later and, in view of the large quantities of food that is donated to Resthaven for our 3 homes, as well as assisting other organizations in our vicinity AND feeding the homeless and unemployed, the value of this installation far exceeds the amount they had gifted us with.
